

The image displays four different models of wrist braces, each shown from a side-on perspective. The first brace, labeled 'care', is white and features a full-wrap design with a grey strap across the back. The second brace, labeled 'med', is white and has an open-heel design. The third brace, also labeled 'med', is grey and has an open-heel design. The fourth brace, labeled 'ortho', is brown and is specifically designed for thumb support, featuring a prominent strap across the thumb joint.

The image displays three different types of braces, each with a corresponding label below it. On the left is a 'care' brace, which is a simple, light-colored sleeve. In the middle is a 'med' brace, which is more complex with multiple straps and a central support structure. On the right is a 'patella' brace, which is a wide, white strap with a black label that reads 'patella'. The labels 'care', 'med', and 'patella' are in a stylized, lowercase font, and the full names 'Knee Brace', 'Knee Brace', and 'Patella Brace' are written in a smaller, sans-serif font below them.

The image displays four different types of braces, arranged in two rows. The top row shows two back braces: the 'care' Back Brace on the left and the 'med' Back Brace on the right. The bottom row shows two neck braces: the 'care' Neck Brace on the left and the 'med' Neck Brace on the right. Each brace is shown from a side-on perspective, highlighting its shape and the placement of straps and padding. The 'care' braces are white with grey accents, while the 'med' braces are white with red accents. The text 'care' and 'med' is written in their respective colors below each brace.
